

## Maths

We will be looking at place value to 50, and continuing to explore how many tens and ones are within numbers, e.g. 23 is made up of 2 tens and 3 ones. We will be looking at comparing and ordering numbers to 50 too, before investigating height, length and weight.

## English

Children will explore a variety of texts to support in building an understanding of narrative for creative writing. Texts chosen will contain lots of new topic vocabulary and settings based on kings, queens, castles and palaces. Children will sequence sentences to form short narratives, inspired by stories they have explored. They will understand that stories have a beginning, middle and end and ensure their own stories contain all three. Children will become more familiar with suffixes and begin to use them with growing confidence.

## History

The children will learn about why our local area is called Honor Oak Park and gain historical knowledge of the 3 Queens that have ruled England. They will then focus on looking at the similarities and differences of QEII and King Charles III coronations and compare them.

Year One – Spring 2

# Crowns and Castles

*Unifying question – Who was England's most significant queen?*

## Design and Technology

Children will carry out research on sandwiches, ready to design, evaluate, improve and make a sandwich fit for a royal banquet, which they will enjoy at the end of the unit!

## Computing

Data Grouping – The children will collect data and input it in a computer programme so it can display as pictograms and bar graphs.

## Science

The children will be learning about lifecycles with the arrival of the duck eggs and the incubator, we'll also be on the lookout for seasonal changes.

## RE

Belonging – we'll look at what belonging means to people of the Christian, Muslim and Hindu faiths.

## Enrichment – Tower of London

Our trip to the Tower of London is to see how the tower itself is a source of history.

## Music

We'll be exploring many different styles of music, time signatures and melodic patterns.

## Values

Empathy,  
Individuality and  
Patience

## PE

The two units will be Striking and Fielding and Gymnastics.

## PHSE

Looking at family networks and the people who help look after us.
